

Hills Homes' update (as of 22 May 2020)

Following Government guidance, Hills Homes plans a cautious and phased restart of certain activities from 1 June paying careful attention to social distancing and making our sites and workplaces COVID-19 secure.

I would like to take this opportunity to thank our employees and contractor teams for bearing with us during this difficult period and we will be contacting them individually providing advance notice as and when specific Homes' sites are to be mobilised.

Our sales office at High Penn Park, Calne will be re-opening from 1 June with viewings strictly by appointment only, available Monday to Friday between 10:00 and 15:00. External sales agents on other developments are also opening for business adhering to strict operating protocols in line with Government guidance.

Despite the challenging times we find ourselves in, we have been working very hard over the last few weeks in cooperation with all parties to proceed with completion of a number of committed property sales enabling buyers to safely move into their new houses and set up home.

In the coming weeks, as we re-mobilise sites, we will further enable other buyers to complete on the purchase of their properties at Calne, Hilperton, Tetbury and Corston.

Pleasingly we have continued to sell properties and secure reservations during the lockdown period, so if you are looking to move house this year and are interested in Hills' developments, visit our website where you can take a virtual tour of our property styles here: www.hills-homes.co.uk/3d-walkthrough/ and where you will also find the contact details of the appointed sales agents for each development.

We wish all our customers, colleagues and wider partners all the best during this period. Thank you once again for your support and understanding.

Previous statements are available on our website: www.hills-homes.co.uk
